

**Application fees payable to register a new society.**

We may require the fee to be paid either in full or in part before we undertake any preliminary examination of an application. We will not be able to refund application fees paid - including where an application does not proceed to registration – since the fee is payable in respect of our consideration and examination of an application.

Transaction	Amount (£)
Application using model rules without any amendment to the model	40
Application using model rules with between 1 and 6 amendments to the model	120
Application using model rules with between 7 and 10 amendments to the model	350
Application using model rules with 11 or more amendments to the model, or application not using model rules	950

*Note: Adding information such as a name, an address, a number, or any text that is added to a model rule in a space specifically provided for such text, will not be regarded as an amendment to model rules.*

**Following its registration a society will then have to pay a periodic fee to the FSA each year - beginning with the FSA's financial year following that in which the society is first registered.**
